

Access to the Event

Access to the 2026 Online Vitalfeld Congress is reserved exclusively for our customers. **Participation takes place via the private customer area on the VITATEC website.** Please check your login credentials in advance so that you can participate directly and easily. If you have any questions, we're happy to help.

Conference Schedule

All presentations and interviews will be broadcast **live from the studio**—one presentation will be shown as a pre-recorded video. **During the presentations, questions can be submitted via the chat function** and will be addressed during the subsequent discussion with the speakers. Breaks are scheduled between program items.

Public Viewing

Experience the 2026 Online Vitalfeld Congress together with other colleagues at the **public viewing event at the hotel**—featuring personal interaction and a special atmosphere. For more information and to register, please contact your local representative.
